CONSULTING INC.

Enhance relationships, create positive working environments, increase productivity, motivate your team.

Tools, strategies & tips to generate results!

Since inception in 2010, KJCO has played the lead role in a variety of business and economic development initiatives that have ranged in size and scope for rural and urban communities in the region. KJCO offers a proven track record working one-on-one with organizations through business development, planning and marketing communications. KJCO relies on a robust network of public and private partnerships and has a wealth of experience developing content, facilitating workshops, hosting consultations and participating as a keynote speaker at special events.

Presented by: Paul Heroux
Acting Regional Program Coordinator
Ministry of Labour

Learn about new legislation as it pertains to your employees and your business operations.

Paul began his career with the Ministry of Labour in 2008 as an Employment Standards Officer. He is currently the northern region Acting Regional Program Coordinator. He's based out of North Bay and part of his portfolio is to provide technical and logistical support to the field and management staff. Prior to joining the MOL, Paul was with the Ministry of Transportation employed in the position of officer, then auditor and lastly as an enforcement supervisor.
